PART 1-TESTING

Three Exams

There will be two exams throughout the semester worth **100 points each**. The final is worth **150**. The first will be during the second week of the semester, the second approximately around mid-term, and the last will be on the last day of the final week. If you miss the first or second exam **and you have a verifiable excuse for your absence**, you will be allowed to make up the test within two days. The Instructor will give you a time and date. If you fail to make up this exam, you will receive **0 points** which will be computed into your final grade. **There is no makeup for the final exam.**

PART II – WRITING

CONCERT REPORTS

On my web site you will find a Concert Report cover sheet. It must be filled out completely and **typed**. If this cover sheet cannot be typed on a computer, it may be hand written neatly. There are computers and typewriters in the ILC (Independent learning Center) on campus, and there is no charge for this service. The report cover should include the following:

Name: Your name.

Class: Music **111**.

Time: The time **you are scheduled** to attend class, ex. F 09:35.

Number: This is either Concert report (1 or 2) that you are required to see and then write about. Please make sure you have the correct Concert Report # in this space. If you are doing a make-up for a Concert Report, please indicate so.

Date: This is the date the Concert Report is **due**, not when you turn it in.

Event: The type of event could be generic (i.e., “A jazz Concert” or “A World Music Concert”). It could also be the name of the venue, such as: “San Diego Jazz Festival,” or more specific, “San Diego Street Scene,” etc.

Artists: The musicians/singers that performed. Include the important names and instruments played.

Program: Name and **titles** of the songs played at the event (at least the ones you are reporting on). If there is a printed program, you may attach it to the report, but note it.

Report: The report must be **typed** using no more than two pages, **double spaced**.

Verification: This is extremely **important**. Without verification you will automatically lose **5 points** no matter how well the report is written. Verification could be any of the following:

- A ticket stub from the event
- Signatures from a member or members of the band
- A "selfie" of you at the venue
- A program, receipt, or program of the event
- Some other type of verification that you attend the performance.

GRADING THE CONCERT REPORT

The Concert Report is graded as follows: A proper cover sheet is worth **5 points**. The body of the report, double-spaced and typed/word processed is worth **30 points**. If you include the characteristics and elements discussed in class and found in you text that is worth **10 points**. A verification attached is worth **5 points**, for a total of **50 points**.

If you **do not** turn in your concert report on the **date it is due**, you will receive **0 points** for that assignment. If you have a verifiable excuse for not turning in your assignment and you want to make it up, you will be required to make up **one (1)** additional report within **two (2) weeks** to compensate for the tardiness of the report missing, including the **original report** still due, for a total of **two (2)** reports. If you do not turn in the make-ups within two weeks, the **0** will remain on your permanent record and be computed in your final grade.

POSSIBLE RESEARCH PROJECT

Album Review

This is a **OPTIONAL five (5) page** research project on an *album of your choice*, which pertains to the class you are taking (Music 111), and it may be on anything: classical music, jazz, rock, world, etc. **It is strictly your choice.** You must include the following:

- Name of the album
- Names of the significant players on the album and the instruments they play
- The names of the songs on the album
- A background (library research) of your favorite player on the album
- A title page, including you name, course name, time of class, the name of your research paper (Example: “the Story of Bessie Smith”/ “Back to Bach”.) Be as creative as you want. This is the time to design something wonderful. This page **(1)**, although don’t mark it as such. It’s the **cover page**.
- The body of the research paper should be **three (3) pages long** and typewritten. The contents of these pages should include your emotional viewpoint on the album. Why you like it. How you feel about the music, the composers, instrumentation, song choices, etc. This is your personal opinion about the album you have chosen. Then, pick 2 or 3 songs and describe them, similar to the way you would write the Concert Report, referring the elements and characteristics found in the text and lecture.
- Please **double space** the contents of this report and remember, only three pages long.
- Your last page (5th page) should show the following:
 - Songs and composers
 - Report company/album # (VCP2-47/48) if possible

- Use at least three sources. All Internet sources must be indicated.

PART III -ATTENDANCE

Class attendance is important. Perfect attendance is worth **30 BONUS points**. See instructor for making up any days missed. If you miss **THREE** days **you will be dropped**. *It is your responsibility to drop the class when you have decided you no longer want to be part of it!!* Your final grade will have your attendance bonus computed into it. Attendance is computed in the following manner: For each day you are absent you will receive 10 points off the bonus. Remember, these are *bonus points* only. NOTE...
